## & A. Bennet Wins Two Races With Flip Flap and Fillmore, Hitting the Ring Hard-Memories, Conover and Optician the Other Winners at the Spa Track.

BARATOGA, Aug. 10 .- E. W. Jewett's good solt Bedouin won the Huron Handicap, for three-year-olds, one mile and three sixteenths, here to-day in a gallop. With Cairngorm scratched, Bedouin, who shouldered 115 pounds, was made a hot favorite at 6 to 5. From the moment Mars Cassidy let the barrier go he was the leader, and Shaw had him well in hand clear to the wire, where he won by well in hand clear to the wire, where he won by two lengths in 2:00 3-5. D'Arkle was the runner up for three quarters of a mile and then died, after which Andrew Miller's Merry Lark, second in favor at 18 to 5, went on and took the place by three lengths from E. I Bradley's Palm Tree, 12 to 1. The latter wa off last and got a good ride from Willie Knap finishing a length and a half before D'Arki Gamara, backed down to 8 to 1, ran a poo

A. Bennet enjoyed a decidedly profitable day, as he won two races. Flip Flap, at 8 to carried his colors to victory in the handles; for two-year-olds, six furlongs, makin all the running and passing the judges length and a half in front of C. R. Ellison sames Reddick, the top weight, who w played down to 2 to 1 favorite, coupled wit Lady Navarre. Reddick beat W. H. Snyder Anodyne, lowered to 5 to 1, by a head, wit Sidney F., and Athlete close behind. Th time was 1:14.

Bennet also scored with his Farando colt, Fillmore, in the last event, for maidens six furlongs, and incidentally dealt the rin severe blow. Fillmore opened at 10 to and a deluge of money backed him down s to 5 favorite. He was shut in for a whil but Louis Smith got him clear in the home stretch and he closed with a great rush, takin the race by a length and a half from Gambie 7 to 1, who had been in front from the outse Sambler stood a drive and beat John La calle, 15 to 1, a head for the place. The latter would have been second in another jump The time was 1:18.

Memories, running in the colors of her new owner, J. L. Holland, and closing an equal favorite with Alex Shields's St. Valentine, at 16 to 5, was successful in the fifth race, at a mile. She followed the pace set by Jack McGinnis's recently acquired Athlone, 4 to 1, to the stretch and when the latter stopped she received a hard drive to win by a length and a half from Sir Ralph, played down to 4 to 1, who was coming swiftly at the end and who beat Humo, 4 to 1, by a length. The mile was run in 1:39 2-5.

In a field of eighteen starters the Oneck Stable's Deceiver colt, Optician, who went up in the betting to 10 to 1, made all the run-ning, but had to be driven by Hildebrand to ning, but had to be driven by Hildebrand to win by three parts of a length. T. J. Gaynor's Disobedient, 13 to 5 favorite, who ran second, could not have lost with an even break. He was off absolutely last and then ran a phenomenal race. Flavigny, 7 to 1, was third, a length and a half back, beating Sunglow, 8 to 1, by a neck. The time was 1:08 1-5.

Conover, ridden by Mr. Harris, showed the way in the steeplechase, at about two miles, and was viotorious in a drive by three parts of a length. He was a well backed second choice at 5 to 2, with Plous, the favorite, finishing second after a bad looking ride by Finnegan. Paulaker, 10 to 1, was a poor third. Three favorites won and L. Smith rode two winners. The track was fast.

TIVERTON BEATS SWEET MARIE. Takes Two of Three Heats in Free-for-All

Trot at Buffale. BUFFALO, Aug. 10.—Starter Newton sent the bunch away in the first heat of the free for all to-day with the favorite, Sweet Marie, two lengths behind. Despite this handicap the mare worked Tiverton hard near the finish. Tiverton, whose colors Sweet Marie lowered in their match race at Readville last week, raced away with two of the three heats in good style. Sweet Marie took the third by consistent trotting and good driving. third by consistent trotting and good driving.

The finish of the first heat in the 2:14 pace
gave Alonzo McDonald an opportunity to
display his horsemanship. He timed the
favorite, Kruger, to a second, and beat out
Snow with Queen of Spades by a nose. The
other heats were easy for Kruger.

Maud Keswick, the daughter of Keswick,
walked off with all three heats in the 2:18
pace, but there was little pooling on the

Favorites Win at Psughkeepsie POUGHEEPSIE, Aug. 10.--Favorites won in e events at the Hudson River Driving Park the events at the Hudson River Driving Park today. Heats were spilt in only one race, the 2:21
trot when Corpus after dropping the first
heat to Night Cyrene took three others off the
reel. While there was no question of Frank Yokum's ability to win the free for all pacing, the
contest was interesting. Yokum was never headed,
but in the first heat Dariel gave him a rub on the
last stretch, and in the second heat there was a
pretty contest for second place between Dariel
and Royal R. Sheldon, in which the gelding came
out victorious.

Vanderbilt Race Plans. The Vanderbilt cup race was the principal topic of discussion at yesterday's session of topic of discussion at yesterday's session of the racing board of the American Automobile Association at the Waldorf-Astoria. It was decided to run it without controls, the competitors to be started two minutes apart. The course is to be sprinkled with crude petroleum, and the work of laying the oil will be started next week. The estimated cost of the oil sprinkling is \$4,000. The start will be made from a point about 3,000 feet west of the railroad crossing at Mineola. The racers will head toward Jericho, and the turns of the twenty-pine mile course will be made to the left instead of to the right, as was the case last year.

BENNINGTON'S COLT GETTING READY FOR FUTURITY.

Saratoga Macegoers Discuss the Chances of Candidates for Big Event-O'Neil and Shaw Set Down-Sysonby and Oiseau in Great Republic Trials.

SARATOGA, Aug. 10 .- An off day at the local track, that is a card below the usual here, gave the horsemen and turgetes generally a chance this afternoon to delve into good things to come. This brought up a lot of Futurity talk, a subject which will be discussed and argued in all quarters for the next couple of weeks. Looking ahead from this time, the race promises to bring out a big field of a merit that few will be able to enthuse over a careful review of the eligible list indicates that the field of starters will be made up from

look to find the winner. The fact that few if any of the tried division with victories to their credit have proved out of the ordinary has induced owners and trainers to bid for the purse, and the known performers will have to show something better than they have yet shown with the colors up to get the lion's share of the purse, which will as usual

be the richest of the year.

From now on the morning gallops herewill find a number of visitors looking for a line that will lead them up to this race. The fact that it is at this writing very open adds to the interest, and nothing in the way of work will be permitted to get away. The only showing that called for attention to-day was that of First Water. When this colt went lame at Gravesend last spring he was fired and turned out, and his owner, Newton Bennington, feared that he might not be able 112 Nostromo. 112 112 Lewsonian. 113 113 Bayonet. 112 112 Hocus Pocus. 109 112 Ravens. 109 to get him to the races again as a two-year-old. He has rallied better than any one dared hope for and it looks now as if there is a chance o get him ready for the big race. His showing this morning was five furlongs with about 125 pounds up in 1:08, and as he pulled up without a nod the critics to a man put him down as the one that must be watched. Before this colt went wrong there is little question but he wasby far the best of those shown, and if he does not go lame again and keeps on improving he is the one that must be beaten, despite the fact that his owner insists that

Jerry Wernberg is the better of the two.

After Memories won to-day her former owner, Woodford Clay, was on hand to bid her up, and it was expected that he would carry the bidding to a stiff figure, but when the price reached \$3,500, an advance of \$1,000 over the entered price, he stopped and she went back to the Holland atable. This filly is better just now than she has been all summer and it will take the very best of the selling platers to even make her run, and it is a question to even make her run, and it is a question if many of the so called stake division will beat her. When Clay lost her the other day through his failure to be on hand to protect her the buyer, J. L. Holland, offered to return her at \$3.500, but his offer was declined, and it looks now as if he will be compelled to stand a boost each time he runs her in a selling race.

stand a boost each time he runs her in a selling race.

The only happening out of the ordinary during the afternoon was the two victories for the stable of J. A. Bennet and the fact that the two winners were piloted by L. Smith. Flip Flap was first of the pair to get home in front, and her victory came in the opening race. When she ran the other day she showed some speed, and it looked to many as if her rider gave up in despair a long way from home. To-day he was up and doing from the fall of the flag, and it is said that Mr. Bennet and his friends profited handsomely by the result, independent of the purse the filly won.

The second victory for the colors came in the closing event, which was won by Fillmore, who was played down from a fapcy price until he was one of the favorites. This colt, has been in comparing last in his races. price until he was one of the favoritea. This colt, has been running last in his races, but he has been in company away above the lot that he met to-day, who were maidens and very poor ones. At that he was compelled to show a red hot finish, for at the head of the stretch he was so far behind the leaders that there did not seem to be a chance that he would even get a share of the money. It is a long time since either Bennet or Jockey Smith won two races in a day. Incidentally, Plip Flap is a Futurity candidate and her victory this afternoon is almost sure to induce ctory this afternoon is almost sure to induce

Pilp Flap is a Futurity candidate and her victory this afternoon is almost sure to induce her owner to start her.

There is a chance of a private sweepakes to be run off next Monday morning. While dining together the other day, Andrew Miller, Philip Dwyer and H. K. Knapp drifted into a discussion as to the respective merits of Incantation, Jennie McCabe and Klamesha. It was finally decided that the three should meet at three-quarters of a mile, with Incantation and Klamesha carrying 112 pounds to 102 on Jennie McCabe. The stakes are a dinner, the owner of the last filly home to foot the bill. It is sincerely hoped that this race be brought off, for it is just these things that bring out the best end of racing. It means a sentiment entirely foreign to the idea that most people have of racing, and the more this spirit is developed the better it is for all interests.

An old time colored steeplechese rider named Adams, who has been on the exiled list for some time, turned up to-day, and his repeated attempts to get a hearing with the officials resulted in his being put off the grounds. Early in the afternoon he approached J. E. Widener and Clarence Mackay in the paddook with the idea of arguing his case, but he was told that there was a place and a method for all such appeals. After the running of the last race he tried to force his way into the judges' enclosure, where a number of the officials were talking, and it was necessary to call the police to remove him.

was necessary to call the police to remove him.

Jockeys O'Neil and Shaw will have a vacation for a week, for they were suspended for that period by the starter for breaking through the barrier while at the post for the Huron Hindicap. This may be a hardship on the followers of the two boys, but they will hardly be missed by the owners, for the supply of riders here is greater than ever before at this place or any other track. Many of them, and capable ones, are complaining that they cannot earn enough to pay expenses.

This was workday for the candidates for the Shillelah Steeplechase, which is tobe run on Saturday. It looks now as if the result, that is as far as first money goes, lies between J. E. Widener's Gate Bell and Mr. Cotton's Sea Horse II., both imported chasers. The former's trial this morning was a mile and a half on the flat in 2:37. Sea Horse covered the same trip in 2:40 1-5, but he had something in hand all the way. The meeting of this pair is of considerable importance to lovers of cross country racing, as both were brought over with good reputations made on the English courses.

A contraot between Jockey Arthur Redfern and John Samford, giving the last named the rider's services for the remainder of the season, was signed to-day. This settles the question as to who will pilot Mohawk II. in the Futurity. Redfern is too heavy for general work, but the quality of Mr. Sanford's horses almost assures big weight in the reces in which they start, and this should give Redfern every chance to earn the rich retainer that he will receive.

Charawind, who started in the steeplechase to-day, was at one time the property of Edward Corrigan. He turned up this afternoon in the name of M. T. Dagaher, an old time follower of this end of the sport, and it was rumored that the representatives of the National Steeplechase Association asked some questions before the horse wasspermitted to go to the post. The answers roust have been satisfactory, for he went to the post. He failed to cut any figure in the struggle him.

Jockeys O'Neil and Shaw will have a vaca-

case when a gentleman rider beats the professionals.

After the finish of the third race, which was a selling affair, the claimers got busy and two of those that had been besten changed hards. Father Bill Daly taking Sunglow from J. L. Hayman at a cost of \$1,650, and John Duffy Disobedient for \$2,160. In both cases the general opinion was that bargains had been secured.

Sysonby was out early this morning for his final gallop in preparation for the Great Republic Stakes, worth \$50,000, which is to be run on Saturday. He went a mile and a quarter in 208 hancily. A little later Matt Allen sent Oleeau the same route and his mark was 2.08%. Both had something left af the end and it is now conceded that the rich prize will go to one of the two mentioned.

Round. WHEATON, Ill., Aug. 10.—The 129 players who started in the qualifying round of the amateur golf championship on Tuesday were sifted down to eight to-day. The survivors are Egan and Sawyer of Chicago, Travis and Herreshoff of New York, although Vermont also has a claim on Herreshoff, while Pittsburg claims Byers and W. C. Fornes, Jr.: Boston has White, and Toledo Weber. Herreshoff is the only kid of the lot, while, save Travis and Byers, the others

are all under 24 years. Society was out in strength from the city and country houses nearby to-day and the Travis-Fredericks match has a gallery of It was so hot in the morning that the United

States Golf Association committee had a lot of fresh cabbage leaves on ice and handed afternoon there was a smoky fog over the course and a storm seemed to be brewing. There were no disqualifications, sithough many, including the two Canadians, indulged in practise strokes over the ball, for each of which a stroke might have been called, and there were many also who broke the rule in the way they dropped a ball back. The sad blow of the morning to the New Yorkers was the defeat of Jerome Travers

by Eben M. Byers, the globe trotting golfer, who has played in the British championship and twice been runner-up in our national event. Byers putted most brilliantly after the first green, where he missed a rather short try for a 4, and except on the long fourth hole he was on the flag from the tee On the other hand, Travers was in the rough after several drives and also on his second for the sixth hole, while he missed two puts of a foot or less. Going out in 5, 4, 4, 6, 4, 5, 4, 8, 3, 3, 38, Byers was 4 up, and with a 3, 4, 4, 5 he had the match by 5 up and 5 to play. Travers went out in 5, 5, 5, 4, 5, 6, 8, 4, 4-41, and on the remaining holes did 4, 4, 4, 6. Travers won only two of the holes, the fourth, where Byers was in the rough on the drive, and the seventh in 3, where he holed a put

GOLF GOSSIP.

Jack Hobens Wins Professional Tournament at Deal.

scores were out of the question on the inks of the Deal Golf Club yesterday, the rain rendering the greens soggy and variable. In spite of this, Jack Hobens, the Englewood "pro," got over the thirty-six hose journey in 158, capital going under the conditions. This landed first money for the product of North Berwick by a margin of 2 strokes from Willie Norton, the home representative.

After leading the field in the morning with a creditable 79, Norton looked like the real thing, but he was unsteady coming home in the second round.

Anderson, the open champion, finished with 162, a stroke behind George Low, and good enough to get fourthmoney. There is no telling 162, a stroke behind George Low, and good enough to get fourthmoney. There is no telling what he might have done with anything like a rational short game. The out journey covers a playing distance of 3.525 yards, yet Anderson made it in 45 after practically dropping a stroke on every green.

Anderson finished like a wild horse. He drove the seventeenth green, a matter of 200 yards, and ran down the put for a 2. It was the first put of any distance that he had holed all day. To the home hole his approach hit the pin and the ball fell stone dead, so that an easy 3 resulted.

Low had hard luck in having his ball on two different occasions become buried in the soft turf, while Norton complsined of several wee puts turning off, the result of mud sticking to the ball.

The two homebreds, Martin O'Loughlin of Plainfield and Chriz Crosby of Arsdale, made a disappointing showing. The latter had his share of hard luck. While practising on Wednesday he broke the heads off his driver and brassy, his 50 inch clubs. He bought a 45 inch driver from Norton, the longest in the shop, but he failed to get anything like his usual distance.

The pairings for the four ball contest today are:

Isaac Mackie and Jack Jolly: Stewart Gardner and Alec Cunningham; Will Anderson and Wille Norton; Geerge Low and Jack Mackie: Bernard Nichols and Donald Bell; George Pearson and A. G. Griffiths: Dave Oglivie and Jack Hobens; Bob Peebles and Alec Smith; Martin O'Loughlin and Chris Crosby.

The scores:

Alec Smith; Martin O'Loughlin and Crosby. The scores:

Twelve straight victories was the best the New York Americans could do, but that was doing a good deal. There had to come a relapse some time, and it came yesterday in the encounter with the Chicagos. The Bostons lost one game to Detroit and won the second. Rain prevented games in Philadelphia and Washington. The results:

CHICAGO (A. L.), 8; NEW YORK (A. L.), 2. A two days enforced lay-off when they were going at top speed did not do the New a cog yester day. They were not at all fast on the wet field, and the White Sox won a onesided game from them. Firstly, the hitting of the New Yorks against the strapping Smith was frail, and secondly, their fielding was plebald. All the Chloagos had to do was to take advantage of New York errors, and they took full advantage. Every New York error resulted in a run. Game and weather were muggy, and the atmospheric conditions found Chesbro, among other New Yorkers, not at his best. How-

pheric conditions found Chesbro, among other New Yorkers, not at his best. However, it was poor support rather than the enemy's familiarity with their curves that handicapped both Chesbro and Newton. Either's pitching would have looked much better with first class backing.

While Simith was not hittable he was on the ragged edge several times through faulty control, and at such times needed ballast badly. This steadying influence he got from Davis and Jones, who halted play long enough to walk up to him and speak a few soothing words, giving him the time needed to act as a restorative of his squilibrium. Once in the game Smith wanted to scrap with Conroy, who neglected to run away. Smith weighs 195 pounds, or thereabout, and Conroy 145.

New York's first error was produced early. Elberfeld made a low throw of Green's grounder as a starter. Jones bunted to Chase, and slow handling of the ball by Chase and Williams enabled Jones to beat the ball to first. Davis sacrificed, and Green scored on Callshan's out at first. Keeler's hit and bases on balls to Dougherty and Williams filled the bases in New York's half of the first. Chase, too, was in a fair way to take first on balls and force in a run, but a ball at his shoe tops was called a strike by Connolly, after which Chase ended the inning with a fly to McFarland.

Elberfeld started the Whites on another run getting spree in the third by fumbling Green's grounder. Jones hit to right for three bases and would have had a home run but for stupid coaching. Jones scored on Chesbro's poor throw of Davis's sacrifice, and Davis scored on a out and Donahue's hit. For New York in this inning Conroy made the rounds on a single, a base on balls to Keeler, Elberfeld's out at first and Dougherty's long fly to Callahan.

Conroy made a good stop, but a bad throw of Callahan's hard smash in the eighth.

Matheween Pitches the Champions to Victory in Chicago. The New Yorks wen a 1 to 0 game from the Chicagos yesterday and broke even on the series with the Cubs. The Bostons won again from the Pittsburgs, but at the time of going to press no more rows had been reported from the Pirate stronghold. What Pittsburg did in gaining by beating the New Yorks was largely undone by losing to the Bostons. Therein is the beautiful uncertainty of baseball convincingly demonstrated. CHICAGO, Aug. 10.—A fumble by Hofman, proved a decisive factor in to-day's battle and gave New York a 1 to 0 victory, in a keen and sharply contested encounter. Both Ma-thewson and Reulbach pitched superbly, and thewson and Reulbach pitched superbly, and both received the most sensational backing. Chicago's defense gave way at just one spot during the afternoon and that one break proved fatal. Inning after inning the two Giant college boys mowed down the opposition. Great plays abounded. Casey, Maloney, Slagle and Tinker made astounding stops and catches for Chicago. Gilbert, Mathewson and Devlin were busy as bees for New York, and the performance was of stellar character from start to finish.

The only run came in the sixth, After Mathewson had fanned Strang hit down to second and Hofman fumbled bacity. Sammy stole second, a close decision but correct. Donlin gave Blagle a hard chance, which the small man gobbled. Then McGann smote past short and in came the lonely run. After that both teams worked hard, but to no purpose. The score:

Mixup in Eastern League Over Games. The Newark Club, of the Eastern League Providence team for yesterday, and when

advertised two games at home with the Providence team for yesterday, and when the Providence team did not put in an appearance Umpire Bradley announced both games forfeited to Newark. The Newark management takes the stand that it had the right to insist on the Providence team staying in town and playing, so long as Providence had no regularly scheduled game in any other city, and Providence's arrangements for fulfilling its next engagement were not interfered with. The Providence team went home from Newark on Wednesday night and played off a postponed game with Jersey City, in Providence yesterday. The Newark Club, it is said, will claim damages from Providence for the latter's non-appearance.

There is another side to the question. The game played in Providence to-day will stand, said President Powers of the Eastern League last night, and Newark won't get the two games by forfeiture. The Newark club had no right to expect the Providence team to play games with it yesterday and by its action has got itself in hot water. Baltimore was originally scheduled to play in Newark to-day. I was requested to vacate the date to-day so Baltimore could play an exhibition game at Atlantic City, but refused to do so. Nevertheless, Newark and Baltimore did not meet to-day. Jersey City and Providence some time ago asked to be allowed to play in Providence to-day, that being an open day for them, and the permission was granted. The action of the Newark club will be taken up by the Eastern League schedule to play is Newark yesterday.
